

# DAVID YASSEIR CLEAN MOSQUERA VASQUEZ

Sound Engineer - Acoustic Designer

## CONTACT

✉ clen029I@gmail.com

📞 +57 3187154699

📍 Cali - Colombia

## LANGUAGE

English

Spanish

## EXPERTISE

Flowstone

Arduino

Autocad

Comsol Multiphysics

Ease Acoustics

Rhinoceros 3D

## AWARDS

First place on Sound for  
audiovisual media.  
2th recording and mixing  
competition AES  
(Audio Engineering Society)

## PROFILE

Creative and talented sound engineer with experience in acoustic design for architectural spaces and industrial noise control. Throughout his career he has provided effective development in 3D acoustic simulations and professional audio requirements. He has confidence in his ability to create ambitious ideas focused on aesthetic and efficient results.

## EXPERIENCE

### Seven productions — Sound Director

August 2009 - February 2010

- Live show Voices recording.
- Sound amplification for the TV stage.
- Post production of audio files

### Visound S.A.S. — Internship

August 2014 - February 2015

- Design and to develop interactive audio solutions.
- Technical support for sells and projects.

### Acustica Integrada Ltda. — Projects Engineer

November 2015 - Present

- Projects management
- Design and develop acoustic solutions for architectural spaces
- Design and develop acoustic solutions for industrial noise
- Audio professional consultant
- Acoustic simulations
- Acoustic products design
- Acoustic measurements (laboratory/in-situ)

## EDUCATION

### Industrial technical institute INEM Jorge Isaac de Cali

— Metalworking approach  
March 2009, Santiago de Cali

### Colombian Communication Institute ICC de Cali

— Sound and audiovisual technical  
June 2010, Santiago de Cali

### University of San Buenaventura Bogota

— Sound engineering  
October 2015, Bogota DC.

“Make it simple, but significant.” –Don Draper
